In January 2006, Nevada will become the 36th state to be commemorated as part of the United States Mint's 50 State Quarters Program.

State Treasurer Brian K. Krolicki is seeking ideas for the Nevada quarter from State residents until September 1, 2004.

Each proposal submitted must consist of a theme and design elements to be included on the coin, as well as a **brief** description of how the theme is significant in Nevada's history or symbolic of the State. The guidelines are consistent with new rules established by the U.S. Mint. An advisory panel will review the ideas submitted and recommend up to five themes for initial rendering by the U.S. Mint.

For example:

- (a) Theme: Nevada, "The Silver State"
- (b) Design Elements: Outline of the State with a miner swinging a pick.
- (c) Why Important: Nevada's early history was dominated by mining activities, and mining has remained an important part of Nevada's economy to the present time.

Please submit no more than two (2) proposals to be considered for submission.

1. (a) Theme: _____
 (b) Design Elements: _____

 (c) Why Important: _____

2. (a) Theme: _____
 (b) Design Elements: _____

 (c) Why Important: _____

Please visit the State Treasurer's website at <http://NevadaTreasurer.gov> for a description of acceptable designs, and a link to official State emblems and mottos.

In the interest of impartiality, please **do not** include your name or contact information on this form. All submissions become property of the State Treasurer's office and the U.S. Mint.
